## Measurable Learning Objectives

Provide at least two (2) measurable learning objectives for your presentation. Measurable objectives should begin with an objective verb (e.g. **Define, List, Describe, Discuss, Explain, Identify, Demonstrate, Differentiate, Compare, Design, Formulate, Evaluate, Assess, Name, Analyze**). Do not use the terms learn or understand—they are not measureable. **NOTE: Abstracts submitted without one of the above objective verbs may not be considered for presentation.**

Learning objectives must be written from the learner's perspective. What will the learner be able to do after hearing your presentation? Define what? Describe what? List what?

List measurable learning objectives below. Notes: Objectives **will not** be included in the abstract text word count. Please, **do not** put either your ABSTRACT TEXT or URLs in this text field. You will be entering your abstract text on page 3.
